LARAM School 2012 - 2nd Asia Course

12th - 23th November 2012, Chengdu, China

2012.07.24

	9:00 - 10:30	10:45-12:15	12:15-13:30	13:30-15:00	15:15-17:00	17:00-18:00	18:00-20:00	20:00-21:30
Monday 12	**Huang / Cascini** Opening and Intro	**Cascini** landslides types, classification and origin	Lunch	**Huang** Earthquake-induced landslides	**Cascini** Rainfall-induced landslides	**van Westen** Landslide inventory	Dinner	
Tuesday 13	**Cascini** The landslide Risk Framework	**Cascini** Landslide susceptibility assessment	Lunch	**Okimura** Hazard assessment for earthquake-induced landslides and damming	**van Westen** Landslide Frequency analysis and hazard analysis	**Tutorial** **van Westen** GIS intro	Dinner	
Wednesday 14	**Glade** Hazard assessment in a multi-hazard context	**van Westen** Element at risk characterization	Lunch	**Glade** Landslide vulnerability assessment	**Tutorial** **van Westen:** landslide inventory	**Tutorial** **Cuomo** Landslide initiation susceptibility assessment	Dinner	
Thursday 15	**Cascini/Glade** Risk analysis (qualitative and quantitative	**Tutorial** **van Westen** GIS/Excel exercise: landslide risk assessment	Lunch	**Tutorial** **Cuomo** Landslide propagation modelling	**Students Presentation**	Sport & badminton	Dinner	
Friday 16	**Technical Visit 1**							
Saturday 17	**Technical Visit 2**							
Sunday 18	**Free**							
Monday 19	**Cascini** Landslide Risk Zoning	**Tang** A case study for zoning of earthquake-induced landslides	Lunch	**Lan** Rock-fall hazard zoning	**Tutorial** **Cascini** Risk Zoning	**Students Presentation**	Dinner	Sport & badminton
Tuesday 20	**Lecturer from GEO** Site-specific QRA	**Lecturer from GEO** Gloabal QRA	Lunch	**Coop** Soil mechanics and laboratory tests	**van Asch** Groundwater regime analysis in slope stability problems	**Tutorial** **Lecturer from GEO** QRA	Dinner	Sport & badminton
Wednesday 21	**Coop** Slope stability analysis	**Xu** Landslides monitoring techniques and early warning	Lunch	**Hencher** Rock mechanics and slope stability	**Students Presentation**	**Students Presentation**	Dinner	Sport & badminton
Thursday 22	**Lan** Run-out modeling for rock-fall	**Li** Centrifuge tests	Lunch	**Tutorial Yu** Laboratory demonstrations	**Tutorial Li / Ferlisi** Slope stability analysis by centrifuge test		Dinner	
Friday 23	**Yue** Soil slope stabilization measures	**Lan** Measures against rock-fall	Lunch	**Rengers** writing scientific papers	**Discussion**	**Closure**	Dinner
