MEMORIAL GIUSEPPE SORBINO

"Research on geomechanics: from laboratory to large areas"

Monday, 9th September 2013

University of Salerno – Fisciano (SA), Italy

School of Engineering – Room 126

9:00 – 9:30	*Leonardo Cascini*	The role of advanced methods in addressing complex problems: the contribution of Prof. Giuseppe Sorbino
9:30 – 10:00	*Eduardo Alonso*	Slope instabilities in unsaturated soils and laboratory testing for mechanical characterization
10:00 – 10:30	*Claudio di Prisco*	Advanced slope stability analysis for liquefiable soils
10:30 – 11:00	*Manuel Pastor*	The run-out assessment of fast-moving landslides
11:00 – 11:30	**Coffee break**	
11:30-11:45	Greetings by *Vito Cardone*, Dean of the School of Engineering – University of Salerno	
11:45 – 12:00	*Leonardo Cascini*	"Giuseppe Sorbino: the scientist, the teacher, the colleague"
12:00 – 12:15	*Eric Leroi*	"Giuseppe Sorbino: more than a friend"
12:15 – 13:00	*Friends, PhD students and colleagues remembering Giuseppe*	

13:00 ***Delivery of a commemorative plaque to the family of Giuseppe Sorbino***
